Monitoring and Evaluation Essentials for Project Managers/Leaders

The course aims to expose project managers/ leaders to the essentials of project assessment procedures to track process and progress to enhance project implementation.

Monitoring and Evaluation Essentials for Project Managers/Leaders

What you will gain

This course is delivered through a learner-centred approach using group work, case studies and site visits. It prepares participant to be able to:

- Articulate the concepts underpinning the practice of M&E in programmes
- Develop and work with a monitoring and evaluation system
- Critique various models of monitoring and evaluation
- Apply monitoring and evaluation approaches in project management processes
- Decide what and how to monitor with different stakeholders
- Clarify key results at the programme-level using logic models and monitoring of pathways
- Design and manage evaluation
- Use your M&E findings to stimulate learning, improvement and stakeholder buy-in

Who should attend

The M&E course is for individuals who aspire to build organisations that effectively deliver services to beneficiaries in an effective and efficient manner and increase their accountability on resource utilisation.

Duration

5 days

Certification

Successful participants will receive a certificate of completion.
